

Laboratory of Bio-Sensing Engineering Open Seminar, 2024

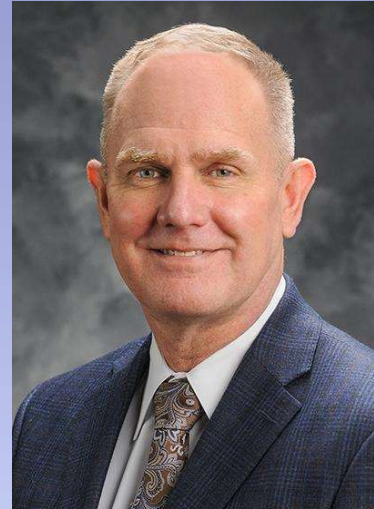

Presenter:

Prof. J. Alex Thomasson

Dept. Head and Berry Endowed Chair
Dept. of Ag. & Bio. Engineering

Director
Agricultural Autonomy Institute

Mississippi State University

Research Activity Key-words

Agricultural Autonomy, Precision Agriculture,
Remote Sensing, Image Analysis, Optoelectronic
Sensors, Drones, Cotton Production and Processing,
Agricultural and Biological Engineering

Title: Agricultural and Biological Engineering
Activities at Mississippi State University

Room: S-173, Faculty of Agriculture Building

Time and Date: 10:30~11:30, May. 17 (Fri), 2024

Anyone is welcome! This lecture will be conducted in
both English and Japanese (immediately after English).
Contact person: Prof. Naoshi Kondo (6170)
